

SACHINTHA SHYAMIKA

Full-Stack Software Developer | UI/UX-Aware Web Engineer

Colombo, Sri Lanka | +94 76 083 5913 | shamikakkss@gmail.com

Portfolio: shamikakkss.me | LinkedIn: linkedin.com/in/sachintha-shyamika | GitHub: github.com/Shamikakkss

PROFESSIONAL SUMMARY

IT undergraduate (HNDIT — SLIATE) and full-stack web developer with hands-on experience building 6+ production and production-ready systems across serverless architectures (Firebase/Supabase), the MERN stack, PHP/MySQL, and Next.js. Comfortable owning the complete product lifecycle — database design, backend logic, API integration, and client-facing UI — backed by 3+ years of freelance UI/UX and graphic design experience (Fiverr Level 1 Seller). Currently building foundations in cyber security and using AI-assisted workflows to ship faster.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, PHP, SQL, C#, Java
- **Frontend:** React.js, Next.js 16, HTML5, CSS3, Tailwind CSS v4, Responsive Design
- **Backend & Databases:** Node.js, Express.js, Firebase/Firestore, Supabase, MongoDB Atlas, PostgreSQL (Neon), Prisma ORM, PHP/MySQL, REST APIs
- **Auth & Payments:** JWT, OTP Authentication, Clerk Auth, Firebase Auth, RBAC, Bcrypt, PayHere Payment Gateway
- **UI/UX & Design:** Figma, Adobe Illustrator, Adobe Photoshop, Canva, Wireframing, Prototyping, Brand Identity
- **Tools & DevOps:** Git, GitHub, VS Code, Vercel, GitHub Pages, Docker (learning)
- **Security & AI:** Kali Linux, Basic Networking (TCP/IP), Claude AI, ChatGPT, Prompt Engineering

KEY PROJECTS

RuuGraphics — Creative Service & Order Management Platform

Flagship Final Year Project

- Built a full-stack serverless order-management platform using Firebase/Firestore, Supabase Storage, PayHere payment gateway, and EmailJS notifications.
- Implemented OTP authentication, role-based access control (RBAC), real-time chat, and an admin dashboard with earnings and financial analytics.
- **Tech:** JavaScript, Firebase, Cloud Firestore, Supabase, PayHere, REST APIs

Workmate.lk — Location-Based Skilled Worker Marketplace

Ongoing

- Building a PickMe/Uber-style marketplace connecting clients with local skilled workers using GPS live mapping and route calculation.
- Implementing multi-role authentication (Client, Worker, Employer, Admin) and a PickMe-style live status stepper.
- **Tech:** Next.js 16, React 19, TypeScript, Tailwind CSS v4, Prisma ORM, PostgreSQL (Neon), Clerk Auth, Leaflet Maps

EkamuthuERP — Community & Mutual Aid Management Platform

Ongoing

- Developing a MERN-stack ERP system for community fund and resource management with REST API-driven modules.

- **Tech:** React.js, Node.js, Express.js, MongoDB, REST APIs

Fund Management System & Student Management System

Academic Team Projects

- Built PHP/MySQL CRUD systems with reporting and transaction handling as part of coursework.

PROFESSIONAL EXPERIENCE

Full-Stack Web Developer

2025 — Present

- Freelance & Academic Projects, Remote (Sri Lanka) — designed and deployed responsive, SEO-optimised web applications with clean, performance-focused front-end code.
- Integrated OTP authentication, real-time chat, and third-party APIs (Firebase, Supabase, EmailJS, Binance API) into live projects.
- Worked across the full stack — database design, server logic, and client-ready UI — for real, deployed users.

Freelance Graphic Designer

2023 — Present

- Level 1 Seller, Fiverr.com (Remote/Worldwide Clients) — delivered logo design, brand identity, and social media design projects for clients worldwide.
- Managed client communication, revision cycles, and final delivery independently — translating briefs into polished, on-brand digital experiences that inform my approach to product UI.

EDUCATION & CERTIFICATIONS

Higher National Diploma in Information Technology (HNDIT) — SLIATE, Dehiwala

Aug 2024 — Present

- Relevant Modules: Web Development, OOP (Java & C#), Databases, Networking, Software Engineering.

Diploma in Cyber Security — NextGen Campus

Apr 2026 — Present

- Relevant Modules: Network Security Fundamentals, Ethical Hacking Basics, Security Toolsets.

IT Essentials — Cisco Networking Academy

Certified

- Focus: IT Fundamentals, Hardware, Basic Networking & Network Security.

Web Designing for Beginners — University of Moratuwa

Certified

- Focus: Web Design Fundamentals, HTML & CSS Basics.

G.C.E. Advanced Level — R/Balangoda Ananda Maithreya Central College

2020 — 2023
